**Weather Update (National Weather Service)****Impacts**

- Locally breezy afternoon winds and elevated fire weather concerns are possible across the state through the week, primarily in the mountains and foothills.
 - Critical fire weather conditions are expected Tuesday afternoon in far northeastern California due to gusty winds and dry relative humidity values
- A warming trend is expected throughout the week, with moderate to locally high heat impacts developing for interior portions of southern California starting Wednesday.
- No precipitation is expected across the state over the next several days
- Wildfire smoke will remain across portions of northern and central California, bringing reduced visibility and air quality at times.

Watches/Warnings/Advisories

- Updates to Watches, Warnings and Advisories can be found at <https://www.wrh.noaa.gov/hazardSummary/?state=ca>.
- Northern California:
 - Red Flag Warning Tuesday afternoon and evening for Modoc County, except for the Surprise Valley.
- Southern California:
 - Excessive Heat Watch Wednesday morning through Friday evening for the Coachella Valley, the San Geronio Pass near Banning, the San Diego County deserts, much of eastern Riverside County, and all of Imperial County.

Precipitation: Dry	Precipitation: Dry

Outlook for Wednesday through Monday:

Moderate to locally high heat impacts will continue across interior Southern Region [Wednesday and then continue](#) through the end of the week, with heat also spreading northward into the Central Valley for Friday through the weekend. Dry conditions and locally breezy winds could contribute to elevated fire weather concerns throughout the week, especially in the mountains, foothills, and southern deserts. Monsoon moisture could return to southeastern California over the weekend, with increased shower and thunderstorm activity possible.

Red Cross

- Sunday night, the Red Cross and our partners cared for nearly 700 Californians seeking refuge from wildfires in over 30 emergency shelters and campsites. Since July, we've provided more than 8,800 overnight stays for people in need.
- Many evacuees are choosing to stay in RVs or tents. Anyone who has been affected by the fires is welcome to stop by a shelter to get a hot meal, take a shower and access other support.
- Since the fires began, more than 500 Red Cross disaster workers have supported relief efforts in person or virtually.
- Almost 300 disaster responders are still active across the state supporting the current relief operations.
- With the help of partners, the Red Cross has provided more than 67,000 meals and snacks and distributed over 1,700 relief items including comfort kits, fire kits, and other supplies to help people in need.
- Trained Red Cross volunteers are helping evacuees cope as they await news about whether they will have a home to return to. Volunteers are also replacing prescription medications, eyeglasses or critical medical equipment, like canes and wheelchairs, that were left behind in the rush to get to safety.
- Volunteers have already made more than 6,300 contacts providing emotional support, health services and spiritual care for people who've been evacuated.

CA-ESF 14: Recovery

- Cal OES IA has had initial discussions with Plumas County on coordination of Individual Assistance Preliminary Damage Assessments.
- The City of Clearlake intends to open a Local Assistance Center for survivors of the Cache Fire. A coordination meeting will be scheduled to provide the City with guidance and coordination assistance.
- As of COB August 22, 2021, the Plumas LAC served a total of 323 households. Today, August 23, 2021, will be the last day of LAC operations.
- Cal OES Individual Assistance met with El Dorado County on August 20, 2021, to have initial discussions on opening a Local Assistance Center for the Caldor Fire. At this time, dates have not been set as repopulation dates have also not been determined. A follow-up meeting has been set for August 26, 2021. At this time, El Dorado County is setting up a virtual Local Assistance Center to provide immediate information to the community.
<https://www.edcgov.us/Pages/Caldor-Fire-Recovery.aspx>
- Cal OES Voluntary Agency Liaison continues to work with non-profits in the impacted areas, including working closely with a representative from Sacramento Regional Voluntary Organizations Active in Disasters that has been deployed to the El Dorado EOC to assist with voluntary agency coordination.

Watershed/Debris Flow Task Force (WSTF)

- Dixie Fire
 - BAER team continuing to categorize and validate Values at Risk along the Southwest corner of the fire.
 - Soil Burn Severity Mapping and USGS Post-Fire Debris Flow Hazard modeling slated to be complete within 1.5 weeks.
 - MRT Requested for CCC to deploy one crew to implement emergency protection measures within the town of Greenville. Deployment slated for September 7, 2021.

Report Date:

Report Time:

- MRT requested for DWR to deploy two flood fighting specialists to identify placement of emergency protective measures on cleared DTSC parcels within the town of Greenville. Deployment slated for September 3, 2021.
- MRT Request for DGS to supply materials and equipment.
- Scheduled coordination call with CCC, DWR, Cal OES, and DTSC August 24, 2021, to coordinate upcoming lines of effort for the oversight and implementation of emergency protective measures in Greenville.
- WSTF to attend in person RST Kickoff meeting on Wednesday, August 25, 2021.
- Analyzing likely snow level elevations to determine risks associated with transportation of toxic debris over BMPs. This analysis is driving the current conversation of winterizing burnt structures.
 - Winterizing these structures would require structures to be wrapped in Vizqueen. This can be accomplished by CCC with materials supplied by DGS.
- Tamarack Fire
 - Meeting tomorrow, August 24, 2021, with NWS and DWR to further coordinate the implementation of USFS approved rain gauges and drill down who is ultimately responsible for these rain gauges once they have been placed.
 - Continuing coordination with the USFS to expedite permitting to allow treatment of the Markleeville Water Company's Watershed, the Musser, and Jarvis Creek.
 - Site visit with Markleeville Water Company tentatively scheduled for Thursday, August 26, 2021. The purpose of the site visit is to gather geospatial data to map the water companies proposed BMP treatments on the Musser and Jarvis Watershed. At the request of the BAER team, this mapping needs to occur to expedite the permitting and NEPA process which would allow for treatments on private property on USFS land.
- Cache Fire
 - 156 vehicles and 137 structures have burned, 57 of which are residences. These burned vehicles and structures are near Cache Creek; therefore, erosion control BMPs must be placed, or a berm must be constructed, to protect the waterway from toxic runoff from the burn area. This area is particularly sensitive as Cache Creek flows directly into Clearlake.
 - CCC tentatively scheduled to be on site September 3, 2021, and September 4, 2021, for placement of BMPs and/or construction of a berm.
- Caldor Fire
 - Preliminary analysis of potential watershed impacts identified the American River South Fork and Cosumnes River watersheds fall within the burn scar.
 - Cosumnes River Watershed - Of particular concern is the potential for toxic runoff from the Grizzly Flat area (est. 300-350 residential structures burned) into the waterway. This watershed flows to the San Joaquin River, then the Sac-San Joaquin Delta.
 - American River South Fork Watershed - Post fire runoff and sedimentation have the potential to negatively impact the various areas of beneficial use, including municipal and domestic supply, irrigation, stock watering, recreational use, warm and cold freshwater habitat, spawning, and wildlife habitat.

- USFS anticipates deployment of a BAER Team to the Caldor Fire burn scar when conditions permit.
- River Fire

Office of Access and Functional Needs (OAFN)

- OAFN is coordinating with the American Red Cross, the California Department of Social Services (CDSS) Disaster Services Branch, Department of General Services (DGS), and other ESF 6 partners to address access and functional needs-related considerations and resource requirements for displaced evacuees.
- OAFN communicated with Kern County Office of Emergency Services to corroborate on integrated evacuation, sheltering, and communications plans for the French Fire including:
 - Incorporating Community-based Organizations (CBO) serving older adults.
 - Establishing a 24/7 hotline for transportation assistance.
 - Provision of accessible transportation by the Local Regional Transit.
 - Establishing portable power for shelter operations to keep medical equipment functioning.
 - Prepositioning durable medical equipment and accessible hygiene resources.
 - Plans to incorporate American Sign Language (ASL), Captions, and other effective communication resources into community meetings.
- OAFN is maintaining ongoing communications with whole community partners and stakeholders serving older adults, individuals with disabilities, and people with access and functional needs to provide assistance during power outage events, wildfires, and recovery efforts throughout the state.

Office of Private Sector / Non-Governmental Organization (NGO) Coordination

- BOC Partners interested in making a financial donation are being encouraged to visit Philanthropy California (<https://www.philanthropyca.org/2021-california-wildfire-response>) for a list of vetted organizations assisting with response and recovery efforts.
- The California Chamber of Commerce is offering free Employment/Labor Legal help for their members/businesses in the affected counties (<https://hrcalifornia.calchamber.com/labor-law-helpline>).

Report Date:**8/24/2021****Report Time:****0730**

- The BOC received a request from a CA VOAD representative on behalf of Plumas county for a truckload of water to distribute to wildfire survivors being repopulated. Cal OES Regional staff were able to assist in securing storage space at the Quincy Cal Trans facility. A donation of a truckload of water from Greene Concepts, Inc. is currently being coordinated and will be delivered to the Cal Trans site. Water shipped on Tuesday August 17, 2021, ETA is pending.

Office of Tribal Coordination (OTC)

- OTC met with Alpine County and the Washoe Tribe who informed us that the Tribe lost cultural gathering sites and were exploring funding resources. OTC sent them information on grant fund opportunities. The Tribe would also like their CHIP program to be considered for contract recovery work due to the Tamarack Fire impacts. The County supports this effort.
- Yurok Tribe declared a state of emergency due to toxic levels of smoke for needs due to the McCash, Monument and Klamath River Complex fires on August 18, 2021.
- On August 23, 2021, OTC meet will meet with the Hoopa Tribe to discuss their needs for air scrubber.
